Here's what our students have to say...

Dear Charles and Leah... You treated us as whole people with a full spectrum of emotions. All of the exercises were perfect and meaningful and they contributed greatly to my experience. It was so honoring and respectful, and I couldn't believe how funny Charles was. Both of you made it so much fun. Dave and I definitely turned a corner, and are looking forward to absorbing what we learned, we plan to read over the materials and "practice" more this weekend.

Dear Charles and Leah... I would like to take a moment to thank you so much for holding this weekend. I am the person in a women's group who is married 33 years and scared of the night's homework on surrender. I have never experienced such a wonderful healing and it continues on! Amazing! Tears, lots of sadness, rounds of orgasms, and expansiveness! It has been a truly and wonderful feeling of aliveness! Thank you so very much for a weekend that saved us!
